# 萌

ㄇㄥˊ

**名**

1. 草木初生的芽。
   說文解字：「萌，艸芽也。」
   唐・韓愈、劉師服、侯喜、軒轅彌明・石鼎聯句：「秋瓜未落蒂，凍芋強抽萌。」
2. 事物發生的開端或徵兆。
   韓非子・說林上：「聖人見微以知萌，見端以知末。」
   漢・蔡邕・對詔問災異八事：「以杜漸防萌，則其救也。」
3. 人民。
   如：「萌黎」、「萌隸」。
   通「氓」。
4. 姓。如五代時蜀有萌慮。

**動**

1. 發芽。
   如：「萌芽」。
   楚辭・王逸・九思・傷時：「明風習習兮穌暖，百草萌兮華榮。」
2. 發生。
   如：「故態復萌」。
   管子・牧民：「惟有道者，能備患於未形也，故禍不萌。」
   三國演義・第一回：「若萌異心，必獲惡報。」

標題 [活動] 萌典啄木鳥
時間 Wed Oct 2 22:13:16 2013

板友們平安，第一次在這裡發文。

我是萌典 https://moedict.tw/ 網站和 App 的設計者。為了響應教育部「辭典啄木鳥」的活動，我和 g0v.tw 的朋友們設計了這個網站，希望能邀對國文有興趣的朋友們參加：

https://www.moedict.tw/dodo/

網站的內容，是程式自動比對出教育部辭典裡引文用字不同的條目，例如〈清·張景祁·酹江月·樓船望斷詞〉，辭典裡有兩個條目引用：

「猋輪」條目：「回憶鳴鏑飛空，猋輪逐浪，脱臉真奇絕。」
「鳴鏑」條目：「回憶鳴鏑飛空，猋輪逐浪，脱險真奇絕。」

把臉脱下來確實是奇絕了（好像也有拍成電影），但顯然是錯字。

因為程式只能彙整出有異的 1990 筆，但是沒辦法考據出是訛誤、異體字（寫法有異，兩個都對），引用版本不同，或是其實兩個引文都有問題，所以需要大家協助。如果有時間，歡迎幫忙檢核。

目前初校階段即將結束。接下來的交叉檢索階段，希望可以在選擇時附上幾個字的備註，常用的備註如[非常明顯]、[不太確定]、[條目名稱]已經做成按鈕，按下後再按「確定」即可。感謝！

## 紅樓夢．第四十回

底下是程式自動比對出辭典裡引文用字不同的條目，請幫忙點選正確的例句。

1 「那劉姥姥入了坐，拿起箸來，沉甸甸的不伏手。」

2 「那劉老老入了坐，拿起箸來，沉甸甸的不伏手。」

3 兩個都對（或都有問題） 無法判斷

點按條目右方的「 🔍 」按鈕可顯示搜尋引擎頁面。如果難以判定，請選「無法判斷」。

出自「沉甸甸」及「沉」條目。

所有的源資料和備註都已寄送至教育部，非常感謝大家熱心參與！(1990/1990)

# Chicago

SWEEPAROUND US

e.g. 3324 North California Avenue

Search

Search for your Chicago street address, and find out when your street will be swept next. Then, register for email and text message alerts, or subscribe to your calendar feed.

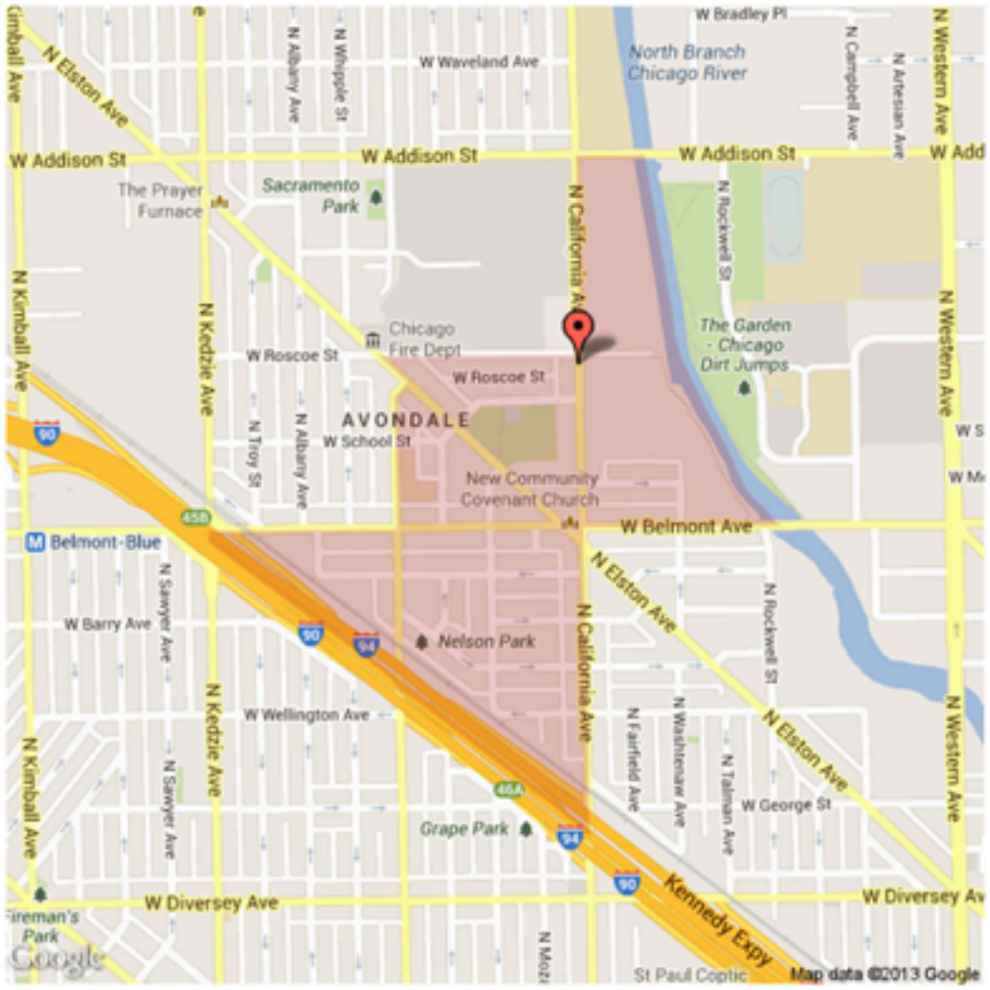
**AN IMPORTANT NOTE TO EXISTING SUBSCRIBERS**

The sweep areas for Wards 14, 23, 38, and 42 have changed since last year. Please check your subscriptions to ensure that you are located in the same street sweeping area this year.

SWEEPAROUND US

e.g. 3324 North California Avenue | Search

# Ward 33, **Sweep Area 9**



**OCTOBER 28 / OCTOBER 29**
ARE THE DATES OF YOUR NEXT STREET SWEEPING

## Want to be reminded of upcoming street sweepings?

SweepAround.Us has several options for being notified of street sweeping in this area: we can send you an email, a text message or you may subscribe to a calendar feed. [1]

Enter your email address, and we'll send alerts directly to your inbox.

e.g. you@example.com | Subscribe

Receive text message alerts on your phone. To subscribe, text **W33A9** to **(773) 675-1985**. [2]

Download or subscribe to this area's sweep calendar in iCal, Google Calendar or Outlook.

## 2013 Sweep Schedule

| | | | |
|---|---|---|---|
| Apr 23 | Apr 24 | — | — |
| May 30 | May 31 | — | — |
| Jul 8 | Jul 9 | — | — |
| Aug 13 | Aug 14 | — | — |
| Sep 19 | Sep 20 | — | — |
| Oct 28 | Oct 29 | — | — |

1. Email and text message alerts will be sent one week, and one day, prior to the beginning of street sweeping in this area.

2. Standard message and data rates may apply. To unsubscribe from alerts for this area, text STOP W33A9.

Note: This site does not guarantee that the information presented is accurate, nor that notifications will be delivered on a timely basis. Please consult the Department of Streets and Sanitation website, and street signage, for parking information.

- Official Twitter, YouTube, and Facebook accounts.
- Committees and subcommittees in Congress, including memberships and rankings.

We also provide Congress' daily work:

- All introduced bills in the House and Senate, and what occurs to them (updated daily).
- Full text search over bills, with powerful Lucene-based query syntax.
- Real time notice of votes, floor activity, and committee hearings, and when bills are scheduled for debate.

All data is served in JSON, and requires a Sunlight API key. An API key is free to register and has no usage limits.

We have an API mailing list, and can be found on Twitter at @sunlightlabs. Bugs and feature requests can be made on Github Issues.

## Using the API

Calls to the Sunlight Congress API are of the form:

```
http://congress.api.sunlightfoundation.com/[method]
```

**SSL Support:** Use `https://` with any URL in the Congress API to turn on SSL encryption.

### Methods

# Methods

| | |
|---|---|
| /legislators | Current legislators' names, IDs, biography, and social media. |
| /legislators/locate | Find representatives and senators for a `latitude`/`longitude` or `zip`. |
| /districts/locate | Find congressional districts for a `latitude`/`longitude` or `zip`. |
| /committees | Current committees, subcommittees, and their membership. |
| /bills | Legislation in the House and Senate, back to 2009. Updated daily. |
| /bills/search | Full text search over legislation. |
| /amendments | Amendments in the House and Senate, back to 2009. Updated daily. |
| /nominations | Presidential nominations before the Senate, back to 2009. Updated daily. |
| /votes | Roll call votes in Congress, back to 2009. Updated within minutes of votes. |
| /floor_updates | To-the-minute updates from the floor of the House and Senate. |
| /hearings | Committee hearings in Congress. Updated as hearings are announced. |
| /upcoming_bills | Bills scheduled for debate in the future, as announced by party leadership. |

## Latest vote numbers and their results

# GovTrack API

# GovTrack API Documentation

GovTrack's API provides programmatic access to information about the U.S. Congress.

Bulk Data Documentation
API Documentation
Access Terms & License
Sites Using Our Data
Mail List

Our API provides live access to most of the information found on GovTrack. Data for the 113th Congress are from github:unitedstates/congress-legislators and github:unitedstates/congress, community projects that we helped create and now help maintain. Historical data is from our legacy scrapers.

Consider using our bulk raw data, or the bulk offerings of the two github projects, for bulk access to the complete database, rather than making many individual queries, if you need the whole thing.

## Getting Started

Consider joining our mail list for notices about any data format changes. If you have any ideas for making GovTrack data better, please post a message to let others know.

You must agree to the license terms before accessing the bulk data or API. The terms are about as unrestrictive as terms go. Note that we do not make a distinction between commercial and noncommercial use.

If you are building a serious product and want a contractual guarantee that the data will remain available, like a SLA, you'll need to contact us at the address at the bottom of the page. That entails a nominal fee.

- http://www.govtrack.us/api/v2/role?current=true
  List current Members of Congress.
- http://www.govtrack.us/api/v2/person/400054
  Sen. Richard Burr [R-NC].
- http://www.govtrack.us/api/v2/bill?congress=112&order_by=-current_status_date
  List current bills in Congress with the most recently active bills first.
- http://www.govtrack.us/api/v2/bill/74369
  H.R. 1349: Public Online Information Act of 2011.

    - Recent Bills

## THE CONGRESS API

With the Congress API, you can get summaries of roll-call votes in the U.S. Congress; get lists of members of Congress; and get vote data, floor appearances, biographical information and role data for individual House and Senate members. You can also get information about bills (summaries and bill actions), nominees, committees and schedules.

For information about changes in the current version, see Introducing Version 3 of the Congress API and the summary of changes on this page. For a general overview and background, see Introducing the Congress API.

**Note:** In this document, curly braces { } indicate required items. Square brackets [ ] indicate optional items or placeholders.

## 立法院第 .. 屆第 .. 會期 第 .. 次

丁委員守中、主席、陳院長冲、蔡主任委員春鴻、施部長顏祥、蘇主任委員蘅、李部長鴻源、

**主席** 連結 Tweet

請丁委員守中質詢，詢答時間為30分鐘。

**丁委員守中** 連結 Tweet

（14時31分）主席、行政院陳院長、江副院長、各部會首長、各位同仁。我們看到這二天的新聞，報導大陸平潭綜合實驗區要對台商招手，經建會尹主任委員啟銘對這個問題也表達了看法，陸委會也認為這是一國二制，不能夠接受，但是我們都曉得資金、技術、人才在國際間是自由流動的，看我們能不能提出更好的招商引資條件，進行兩岸之間的互補、互利，何況平潭地區要提出更優惠先行先試的這些辦法，是試行到大陸的土地上，而不是在臺灣的土地，把我們好的制度在大陸試行，有什麼不可以，院長有什麼看法？

**主席** 連結 Tweet

請行政院陳院長答復。

**陳院長冲** 連結 Tweet

（14時32分）主席、各位委員。因為平潭這個案件的基本概念，就是兩岸共同自己的概念擺在裡面，所以會給人感覺一國二制。

**丁委員守中** 連結 Tweet

好的制度放在大陸土地上，我們可以影響他們。

# Student Assignment Policy

The Boston School Committee recently approved a new **Home-Based** student assignment policy that will go into effect for the 2014-15 school year. Please note that current students don't have to change schools. Sibling preference remains a priority, and younger siblings of current students will be able to select the school that their older sibling already attends. In the new policy, families will have access to all schools in their walk zone, all citywide schools, and potentially additional schools to ensure access to high quality schools.

- To learn more about the Home-Based school choice model and the process that led up to it, please visit www.bostonschoolchoice.org. Please note the interactive tool is for demonstration purposes only. It does not include updated information on all school choices. Starting in November you will be able to view your school choices at discoverbps.org.
- You can also read a one-page summary of the plan in: English, Spanish, Cape Verdean Creole, Chinese, Haitian Creole, Portuguese, Somali or Vietnamese
- Visit our Registration page to find out about our information sessions
- BPS will update this website with additional information on the new plan in early November as for the 2013-14 school year choice season gets underway.

**School year 2012-13 and prior year assignment plan contents:**

- The assignment zones
- How does Boston Public Schools assign students?
- What are "priorities"?
- Sibling priority
- Walk zone priority
- What about students who have no "walk zone schools"?
- Priority for EEC / ELC students entering Grade 2
- Random numbers

- East Boston assignments
- Roslindale K-8 Pathway
- Wait lists
- Administrative assignments
- Transfers

For questions and answers about **transportation**, click here.

## The assignment zones

Under Boston's student assignment plan, the city is divided into three geographic "zones" — East, West, and North — for elementary and middle schools. Students may apply for:

- Schools in the zone in which they live
- Schools in other zones if the schools are within their "walk zone"
- Citywide K–8 and middle schools open to all students

All high schools are citywide.

For a customized list of all the schools, visit the "What Are My Schools?" application.

## How does the Boston Public Schools assign students?

Assignments are made by a computer that is programmed with a mathematical formula. The computer program tries to assign students to their highest listed choice for which they have the highest priority.

## What are "priorities"?

Sometimes a school doesn't have room for every student who lists it as a choice. When this happens, the computer assigns students based on choice and priorities. Here are the major priorities, with the highest listed first:

1. Sibling + walk zone
2. Sibling
3. Walk zone (a priority for 50% of available seats)
4. Random number

Each of these is explained below. Within each assignment period, students with the highest priority are assigned first.

## Sibling Priority

We try to assign children in the same family to the same school if the parent requests it. If you want your children to go to the same school, ask the Welcome Center staff how to apply for sibling priority. However, sometimes a school doesn't have room for all the siblings who apply for it; so we can't guarantee sibling assignments. Be sure to list sibling preference the first time you apply.

## Walk Zone Priority

Fifty percent (one-half) of each school's seats are set aside for applicants with walk zone priority. Students have walk zone priority if they live approximately:

- 1 mile or less from elementary school
- 1.5 miles or less from middle school
- 2 miles or less from high school.

Students will receive priority for their walk zone schools within each registration period. No distinction will be made between students who live in one assignment zone versus another for assignment purposes.

Your child may be eligible for transportation to some of his or her walk zone choices. That's because the distances between home and school used to determine eligibility for bus transportation are different from the distances used to determine walk zone priority. Schools coded 'WT' on the application are walk zone choices for your child with transportation provided.

## What about students who have no "walk zone" schools?

- K2–Grade 12: Every home address in Boston has at least one walk zone school.
- K1: Students who don't have a walk zone K1 program will have walk zone priority for the K1 program closest to home.
- K0: Due to the very limited number of K0 programs, students who don't have a walk zone K0 program will not have walk zone priority for any school.

There is no walk zone priority for citywide elementary and middle schools.

Orchard Gardens K–8 School sets aside 75% of its seats for students in its walk zone.

## Priority for EEC and ELC students applying for Grade 2

Students completing grade 1 at an Early Learning Center (ELC) or Early Education Center (EEC) will be assigned to available grade 2 seats before students new to the BPS or those applying for transfers from other elementary schools.

When assigning these students to grade 2 seats, including assignments from wait lists, the usual factors will be considered, including the registration period when the students applied, priorities, and random number.

## Random numbers

The computer gives each application a random number. Random numbers are used to break "ties" between students who have the same priorities for the school.

How does this work? Let's say there is one seat left for K2 at the Kenny School. All applicants with sibling and walk zone priority have been assigned. Three additional students, all without sibling or walk zone priority, listed the Kenny as their first choice. The student with the lowest ("best") random number will be assigned.

## East Boston assignments

Because of East Boston's unique geographic location on the other side of the tunnel, any student who lives in East Boston (EB) is guaranteed a seat somewhere in the neighborhood. This applies to students in all grades and programs, K2–grade 12. To take advantage of this guarantee, families must list their EB choices higher on the application than their non-EB choices.

## Roslindale K-8 Pathway

- Bates Elementary School
- Conley Elementary School
- Haley Elementary School
- Mozart Elementary School
- Philbrick Elementary School
- Sumner Elementary School

Students from these six schools are designated as part of a Roslindale K-8 feeder pathway, which provides a priority, *but does not require these students to attend the Irving Middle School*. Families must still participate in the school choice lottery process, as this model is not an automatic feeder structure. This second highest priority follows sibling preference, which is the first and highest priority for enrollment. If availability remains after the selection by Roslindale elementary school students (who may come from the entire West Zone), students living within the walk zone of the Irving will retain a priority for the first 50% of seats. The second 50% of seats are open to students throughout the West Zone who had not attended one of the six schools.

## Wait lists

If you don't get your first choice, the computer will assign your child to one of your other choices, or your child will be "administratively assigned" (see below). Your child may also be placed on a wait list for one or more of your other choices. Here are the rules for wait lists:

- BPS will create wait lists for all schools where there are more applicants than available seats for a particular grade.
- A student's place on the wait list is based on the registration period when the student applied, sibling priority, the school choices selected on the application, and a random number.
- No student will have a lower place on a wait list than any student who applied in a later registration round, regardless of priorities. However, within each period, a student's place on the wait list can change if his/her priorities change, which may affect the placement of other students on the wait list.
- Families registering for any grade, K0 through 12, may be placed on up to three wait lists. Families who are assigned to their second choice school may be on the wait list for their first choice school. Families assigned to their third choice school may be placed on the wait lists for their first and second choice schools. And families assigned to their fourth choice school or higher, or who are unassigned (kindergarten only) or administratively assigned (see below), may be on wait lists for their top three choices.
- Families may request that a student be added to any wait list (to a school for which they are eligible to apply). However, students may not occupy more than the number of wait lists prescribed above. Students already on the maximum number of wait lists must go off one list in order to be added to another.
- Any student who remains a Boston resident may remain on a wait list after the beginning of the school year, regardless of whether or not the student attends the Boston Public Schools.
- All wait lists expire at the end of the second marking period (January of the following year).

***Coming off a wait list***

When seats become available, students will be assigned from wait lists in the following order, beginning with students who applied in the earliest rounds:

*If the school has not reached its 50% walk zone target, students are assigned from wait lists in this order:*

1. Students with sibling + walk zone priority
2. Students with sibling priority
3. Students with walk zone priority
4. Students with no priorities

*If the school has reached its 50% walk zone target, students are assigned in this order:*

1. Students with sibling priority (no additional priority for walk zone)
2. All other students (no walk zone)

The random numbers assigned to families during registration will be used as "tiebreakers" among students with the same priorities.

**From mid-March through mid-August, as seats become available, children are automatically moved off the wait list into their chosen school.** Families receive notification about their new school assignment with a letter sent in a mail.

**For kindergarteners after mid-August, if a space becomes available at a school with a wait list, families on the wait lists are contacted in order. Families have 24 hours to decide if they want to attend the school.** Families are contacted only at the phone numbers they listed on their registration form. This process continues into the school year through January as seats become available.

**For students in grades 1 through 12, if a space becomes available at a school with a wait list, families on the wait list are contacted from mid-August through the end of September.** After September, families are only contacted about transferring schools where they are wait-listed after marking periods (mid to late November and late January). Families have 24 hours to decide if they want to attend the school and families are contacted only at the phone numbers they have listed on their registration form.

All lists, regardless of grade, expire at the end of the second marking period (January of the following year).

## Administrative assignments

State law requires that every child must attend school beginning in September of the calendar year in which the child turns six years old. If you don't receive one of your school choices, or if you don't return an application for a student age six and older starting a "transition grade," we will assign the student to the school closest to home that has a seat.

For the most part, kindergarten students are not administratively assigned. However, if your child will turn six years old before December 31, the district will assign your child to a school even if you do not receive one of your choices. If child will remain five years old (or younger) through December 31, and you are not assigned to one of your schools of choice, you may return to a Welcome Center to make additional choices.

## Transfers

If your child is already enrolled in the Boston Public Schools and you want to enroll in a different school **next year**, you may apply for a transfer. For the best chance of receiving approval for your transfer request, apply during the first opportunity for your child's grade level:

- *Kindergarten, grades 6 and 9:* Apply during the first registration period.
- *All other grades:* Apply during the second registration period.

You may apply for a transfer in later registration periods, but your chances of having the request approved decrease the longer you wait. All transfer requests received within each registration period are processed together.

Families also may apply to change schools during the **current school year**. Requests received by September 30 will be processed as they are received. Requests received after September 30 will be processed in two batches: mid-November and late January. Regardless of when you apply, we can't guarantee your transfer request will be approved.

School Committee policy limits the number of times students may transfer to a different school:

- *Elementary School:* Once per year in kindergarten–grade 5
- *Middle School:* Only once in grades 6–8
- *High School:* Only once in grades 9–12

## Introduction

We are one of the newest K-8 schools in Boston. Our school is located in the heart of the North End along the Freedom Trail. We offer an enrichment (advanced) class for students in grades 4-8 in ELA and Math. Read Boston provides each of our classrooms with a home lending library. Also, we have established a new partnership with City Connects to link school and families with community resources and provide students with an onsite guidance counselor. Our Italian Language program, partnered through CASIT, is offered to all grade levels, including daily instruction in our Middle School.

CREATE A PETITION

WE PETITION THE OBAMA ADMINISTRATION TO:

# Remove United States District Attorney Carmen Ortiz from office for overreach in the case of Aaron Swartz.

It is too late to do anything for Aaron Swartz, but the who used the powers granted to them by their office to hound him into a position where he was facing a ruinous trial, life in prison and the ignominy and shame of being a convicted felon; for an alleged crime that the supposed victims did not wish to prosecute.

A prosecutor who does not understand proportionality and who regularly uses the threat of unjust and overreaching charges to extort plea bargains from defendants regardless of their guilt is a danger to the life and liberty of anyone who might cross her path.
